INTRODUCTION

The purpose of the FAS Mechelec Safe Pass Health and Safety Awareness Training Programme is to ensure, over the course of time, that all mechanical and electrical employees, will have a basic knowledge of Health and Safety, and be able to work on site without being a risk to themselves or others who might be affected by their acts or omissions.

AIMS OF THE PROGRAMME

- Raise the standard of safety awareness for mechanical and electrical employees.
- Maintain a register of personnel who have received such training
- To provide all participants with a FAS Safe Pass registration card which will indicate that the holder has attended a formal course in health and safety awareness

LEGISLATION

The Safe Pass Programme adheres fully with the Safety, Health and Welfare at Work Act 2005, the Safety, Health and Welfare at Work (General Application) Regulations 2007 and the Health and Welfare at Work (Construction) Regulations 2006.

BENEFITS TO EMPLOYERS

- Improved Safety Culture
